Office Action Summary

Art Unit: 1711

1. Amendment (paper no. 6) has been filed on July 08, 2002
2. Claims being examined are 1-6.
3. Rejections of claims 1-6 set forth in items 3, 4 and 6 of prior office action ^(referred) are now withdrawn since they are ~~not~~ following above amendment of those claims.
4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
5. Claims 1-6 are rejected under 35 U.S.C. 103(a) as being unpatentable over Lee, C (USP 4,956,423).

Lee discloses hot melt adhesives. Composition of such an adhesive comprises a blend of polyamide, a polyetheramide also referred to as polyetheramide block copolymer and a polyether block copolymer (col. 2, lines 26-29). Polyetheramides are prepared by reacting a polyamide with a polyether such as glycol (col. 4, lines 17-54) or their derivatives.

Lee does not specifically mention glycol or its derivatives as ingredients of the composition.

Examiner is of the opinion that it is reasonable to assume that a polyetheramide will contain some amount of glycol in it as an unreacted material. This glycol can be looked upon as an ingredient of the composition. Hence one of ordinary skill will find enough teaching in Lee's disclosure, to prepare a composition as is instantly claimed.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1711

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
